Come with us to the land of joy:

SAMBA- SEX I SAO LUIS!

In the house of pleasure “Casa de Maria” in the northern Brazilian city Luis, we had the party of our lives, at the mere cost of a couple of thousands. We simply rented the entire brothel, started up the BBQ and lived out all our fantasies to the last drop of sweat…

We are in the northern Brazilian city Sao Luis. It's 4 p.m. and the tropical sun shines merciless from a clear blue sky. The drowsiness and the heat are killing us. We feel the sweat run down our worn-out bodies, while we, gasping for air, stumble through the gate of the small whorehouse "Casa de Mario", where we almost fall into the chairs in front of the bar.

The waiter knows us and automatically serves a couple of straight whiskies with ice, while we curiously look at the two girls, jumping up to meet us.

While getting used to this new condition, which has to be described as being better then heaven itself, a little light-brown beauty shows up. She stops in front of our seats, throw a couple of towels over our shoulders and encourage us to follow her to the pool. Later, we sigh.

Right now, we don't give a damn about anything. We want to relax and take an overdose of alcohol.
After the first whisky, we quickly go under the showers and then jump naked, head first into the pool.

This is something the girls in the club like!

So much in fact, that most of them immediately follow our example and turn the previous so calm pool into a gigantic sex-tub, with naked bodies everywhere.
Now we want some pussy and booze. In which order doesn't matter, because we know, we'll spend the rest of the day with more of both, then we could possibly consume.
Samba! I scream.
That one little word has a magic effect in Brazil, where samba equals party.
And now it's time to party!
It's always like this. It's almost a law of nature here in Brazil, where the samba's rhythmic tones right now are making the stereo vibrate.
The girls leap out of their chairs.

They dance!
The same goes for the naked pool nymphs, who have already left the cool water, to let their bodies become one with the rhythm of the samba.
Typical Brazilian!

That's all it takes to get the whole club in ecstasy. The que is samba. And it works every time. We order a bucket full of beef and tell the cook to start up the grill.
It's time for fiesta!
And partying, that's something the Brazilian master even better then the noble art of football.

Luckily the Brazilian girls have never even heard of moral scruples, and unlike so many other girls, they don't need gallon after gallon of booze to gear the body for sex.

From birth, they are programmed for sex. And now where the party is on, the girls take turns in an improvised strip contest, when they are not pleasing the men who desire quick shag.
Wow, what a party!
It's completely out of control. Everybody is fucking, drinking and fucking some more. And the best thing is, we do it when and where we like.
It's almost too easy. A little nod or a wink of the eye is enough. That all you need to get laid.

After five or six hours of way too much food, booze and pussy, its time t pay the bill. We get hold of the madam of the brothel and ask her to bring the tap.

After Brazilian standards, it's gigantic. That means a couple of thousands each. But to us it's nothing. We have just played the main characters in the naughtiest party of our lives…
